Recapping IIMA 2015 – Chattanooga, Tennessee

We would like to thank all those who participated in IIMA 2015 on October 12-14 in Chattanooga, Tennessee. You all helped to create yet another productive, inspiring and enjoyable conference. The warm weather and welcoming locale were the perfect setting for three days of stimulating research presentations, dynamic discussions, and collegial collaboration. Sessions were punctuated by the engaging keynote speaker, Boyd Campbell, CIO/CTO of Cloud Nine Solutions.

Relaxed social evenings

were an opportunity to make new acquaintances and catch up with existing ones. Highlights included a lovely buffet and drinks, and an extremely entertaining evening at the murder mystery dinner theater. Hidden talents surfaced as our IIMA members honed their billiard skills and engaged in playing soldier, a popcorn fight, a detective rubber glove line-up and the Grateful Dead rock band. A fun time was had by all!

Kudos to the conference organizers, Tanya Goette and Rob Schumaker, for a job well done and to Frank Lin, Ore Soluade and Tapie Rohm for their roles in making the conference the success that it was.

Looking Forward to IIMA 2016 – Taipei, Taiwan

As participants returned from Chattanooga, planning was already underway for IIMA 2016. Mark your calendars and invite your colleagues to join us next September in Taipei, Taiwan where we are expecting another smashing success.
